Vinopolis Guided Wine Tour

Reliance High-Tech invites you to join us on a Vinopolis private wine tour. We will meet the expert Vinopolis guide who will take us through the different areas of the tour whilst tasting 6 specially selected wines. Our guide will select the regions and the wines to be sampled and share their knowledge by showing us how to 'sniff, gargle and spit' like a professional (although it usually only the guide who does the 'spitting'). You will also have the opportunity to ask our guide any questions you may have.

Finally you will be given a perfectly prepared Bombay Sapphire Cocktail to end your tour in style.
